

Hear ye hear ye: this long and cumbersome email has many important rules which you are responsible for knowing...hopefully they will not usually be this extensive

- Welcome!
- Introductions
- Regularize House Meetings
- Possibly include contra in meetings
- 1st Thursday night of the month
- 1st Fire Drill was held
 - Don't block fire exits
 - No furniture in Halls
 - No (visible) candles/incense
- Elections
 - Kitchen Manager: Greg (Kitchen Yeti)
 - Secretary: Edie (transitioning of minutes, thank you Dan!)
 - Business Manager: Kiera
- Project Group Leaders: Bridget, Yayi, Dan, Margaret, Caitlin, Tiffany
 - Project groups must do one social and one educational event per semester and organize one community service event for the year
 - Leaders will switch after first semester
 - All activities are group responsibility; leaders are supposed to delegate and will attend meeting with the house managers to make sure all groups are on track
- Our Theme: "City of Rochester: History and Development" !! Yeah, it's very broad so it should be easy to have diverse programs
- Quiet Hours
 - they are technically from 12-8 on weekdays and 2-10 on weekends; just be courteous and especially on the first floor, be aware that if you are loud in the common rooms you may be disturbing the people in the first floor bedrooms :(
- Parties
 - [Saturday 9/5](#): Sorority party...they are well-behaved and come every year so play nicely and remember you can't just go into the party b/c we are not co-sponsoring it
 - [Saturday 9/12](#): NJR...we are co-sponsoring and a social host (Trained) is needed so let Colin and Laura know if you can do that
 - [Friday 9/18](#): BSU (maybe)
- Cleanliness
 - We are all responsible for the common areas and kitchen, so pick up after yourself and speaking of the kitchen...
 - (half-way!)
 - Kitchen Do's and Don't's
 - Don't steal food
 - Do label your food in the freezer
 - Do help yourself to food on the round table that is not marked as someone else's
 - Don't leave dirty dishes
 - Do remove two dry items for every wet item you place on the rack (unless of course there actually aren't items on the rack which will probably never happen but yeah)
 - Do **MOVE YOUR FOOD TO THE PROPER SHELF BY SUNDAY OR YOU FORFEIT IT TO WHOEVER'S SHELF IT'S ON**
- House -Parties

Only the first floor, and not in people's rooms; you may bring friends up if you accompany them and please cap it at 4 friends (if they are really your friends they will understand :D)

- TV
for common use; it is first come, first serve, but if someone reserves it for a specific show/time with a post-it, etc, please respect that
- Wireless
work-in-progress...we need two routers so if you want to chip in money for one or discover one just laying around, let Colin or Laura know
- Service Hours
you must do 5 each semester
record your hours in the white binder in the common room with the fireplace
- Probation
If you skip meetings or don't do your service hours you could be put on probation which could lead to you being kicked off the island
- Fives
While still in contact with your seat, you may call fives in front of a listening witness, and your seat will be reserved for 5 minutes and five minutes only.
- Bathrooms
Yes they are co-ed. If this is a problem for you, let Laura and Colin know and hey could become single-gender.
- Let's compost because it's fun and good for the Earth! We just need someone to call Freshwise farms and to make sure the bucket is outside for pick-up on the designated day. Talk to Margaret if you are up for it.
- We could do sports together and exercise if someone wants to organize it!
- If you ever use the office (the side door when you walk in from the main steps) don't touch the APO stuff

And I bid ye good morrow.

Edie
